Rehearsal Strategies for High School Choirs
Janwin Overstreet-Goode
Friendswood High School Choir

1. Start rehearsal as soon as the tardy bell rings. I begin with specific vocalises and breathing exercises for tone production. (Please refer to the handout.)

2. Have a strategy for checking roll and taking care of other administrative details.
   a. Use a student officer to check roll for me, once you have a seating chart in place.
   b. Write all announcements on a dry-erase or chalkboard; students should be expected to read the board upon entering the room.
   c. Have all classroom sets of music and other handouts placed on a table for students to pick up as they enter the room.

3. Sight-read – every day.
   Materials include:
   a. Ear-Training Exercises and Solfege Warm-ups
   b. *The Folk Song Sight Singing Series* (Oxford), Book 1-4
   c. *SMART-Sightreading Made Accessible, Readable, Teachable* - Denise Eaton (AMC)
   d. *A Cappella Songs Without Words* (AMC) in all voicings.
   e. Tenor-Bass Sight-Reading – Patti DeWitt
   f. Sight-reading examples from previous UIL contests.
   g. Test regularly – by class, by section, or individually

4. Music Theory – also every day. Materials include:
   a. *Practical Theory* - Sandy Feldstein (Alfred)
   b. *Winning Rhythms* - Edward L. Ayola (Kjos)
   c. Key Signature flash cards (good for major and minor keys, in treble clef and bass clef.)
   d. Interval Study Sheet
   e. Written tests at the conclusion of each topic.

5. Music rehearsal (minimum of two-three songs per day.)
   a. Start with solfege first; write in syllables as necessary
   b. Include phrasing and dynamics while using solfege syllables.
   c. When moving to words, emphasize the need for syllabic stress from the beginning.

6. Grading
   a. In addition to sight-reading tests and written theory tests, I also give daily participation grades.
   b. “Questions” – verbal questions and answers posed to multiple students daily (What is the key of this exercise? Explain the time signature. What does “allegro” mean?) Every student in the class has the opportunity to answer one of these questions for a daily grade.

6. Repeat daily.
